About Me

I am a Computer Science Researcher with a strong background in Artificial Intelligence (AI) in Education, Human-Computer Interaction (HCI), and Theoretical Computer Science. My work focuses on leveraging AI to enhance personalized learning experiences. Passionate about research-driven innovation, I am currently seeking a remote internship or research assistant opportunity to contribute to cutting-edge projects in these fields.

Education

Amirkabir University Of Technology (Tehran Polytechnic), B.Sc. in Computer Science

Sept 2022 – Present

- GPA: 3.53/4.0

Publication

- Jamie, Pooriya, Hajhashemi, Reyhaneh, and Alipour, Sharareh. (2024). "Utilizing ChatGPT in a Data Structures and Algorithms Course: A Teaching Assistant's Perspective". CHI 2025 Extended Abstract. Preprint at arXiv:2410.08899.

Research Experience

Research Assistant: ChatGPT's Impact on Education, Tehran Institute for Advanced Studies (TeIAS)

Oct 2023 – Jul 2024

Under the supervision of Dr. Sharareh Alipour

- Analyzed the potential of ChatGPT in research and teaching domains, focusing on its influence on educational practices.
- Conducted studies, including surveys and interviews, to understand ChatGPT's adoption and utilization by educators.

Research Assistant: Women in Computer Science Education, Tehran Institute for Advanced Studies (TeIAS)

Aug 2025 – Jun 2026

Under the supervision of Dr. Sharareh Alipour

- Conducted an empirical study on the impact of single-sex and coeducational environments on computer science students' confidence, participation, and workplace readiness through the design and analysis of surveys involving 350 undergraduate students.
- Performed quantitative and qualitative data analysis using statistical methods and LLM-assisted coding, and co-authored a research paper submitted to the ACM SIGCSE Technical Symposium.

Teaching Assistant Experience

- **Amirkabir University of Technology Tehran Polytechnic**

- **Operating Systems**

Sep 2024 – Dec 2024

- Under the supervision of Dr. Ahmad Javadi

- **Data Structures and Algorithms**

Sep 2024 – Dec 2024

- Under the supervision of Dr. Mohammad Akbari

- **Operating Systems**

Jan 2025 – Jul 2025

- Under the supervision of Dr. Zahra Ghorbanali

- **Fundamentals of Programming**

Feb 2026 – Jul 2026

- Under the supervision of Dr. Shamila Bayati

- **Sharif University of Technology**

- **Fundamentals of Programming**

- Under the supervision of Prof. Marzieh Sadri

Sep 2024 – Feb 2025

- **Fundamentals of Programming**

- Under the supervision of Prof. Mohammad Zarei

Sep 2025 – Feb 2026

- **Fundamentals of Programming**

- Under the supervision of Prof. Mohammad Nazari

Sep 2025 – Feb 2026

Other Experiences

Operating Systems Project Development (xv6)

Jan 2025 – Jul 2025

- Designed and developed xv6-based Operating Systems course projects covering process scheduling, memory management, system calls, and inter-process communication.
- Tools: C, xv6, Linux, macOS, Windows.

Theory of Computation Course Material Preparation

Feb 2024 – Jun 2024

- Prepared lecture notes and problem sets covering automata theory, Turing machines, computability, and computational complexity.

Certifications

- Advanced Algorithmic Thinking and Data Structures (Quera)
- Advanced Python Programming (Quera)
- Fundamentals of C/C++ Programming and Algorithmic Thinking (Quera)
- Big Data in Education (edX)

Practical Skills

- | | |
|---|--|
| • Programming languages: Python, C / C++, R | • Machine Learning |
| • Algorithm design and data structures | • Data Analysis |
| • Human-Computer Interaction (HCI) principles | • Web Development (HTML, CSS, JavaScript) |
| • Graph theory | • Operating Systems: Linux, Windows, macOS |

Research Interests

- | | |
|------------------------------|------------------------------------|
| • Generative AI in Education | • Human-Computer Interaction (HCI) |
| • Data Mining | • Algorithm Design and Analysis |

Languages

- Persian
- English
